### Domain Name

To have a web site, you need a domain name to be its address:

Search for a domain name to register or transfer

( all ) ▾

or

Enter a domain name whose DNS records you will be maintaining with another provider.

[Terms & Conditions](#) [Privacy Policy](#) [System Status](#)

Enter your chosen domain name and type (.co.uk) and click search to check availability.

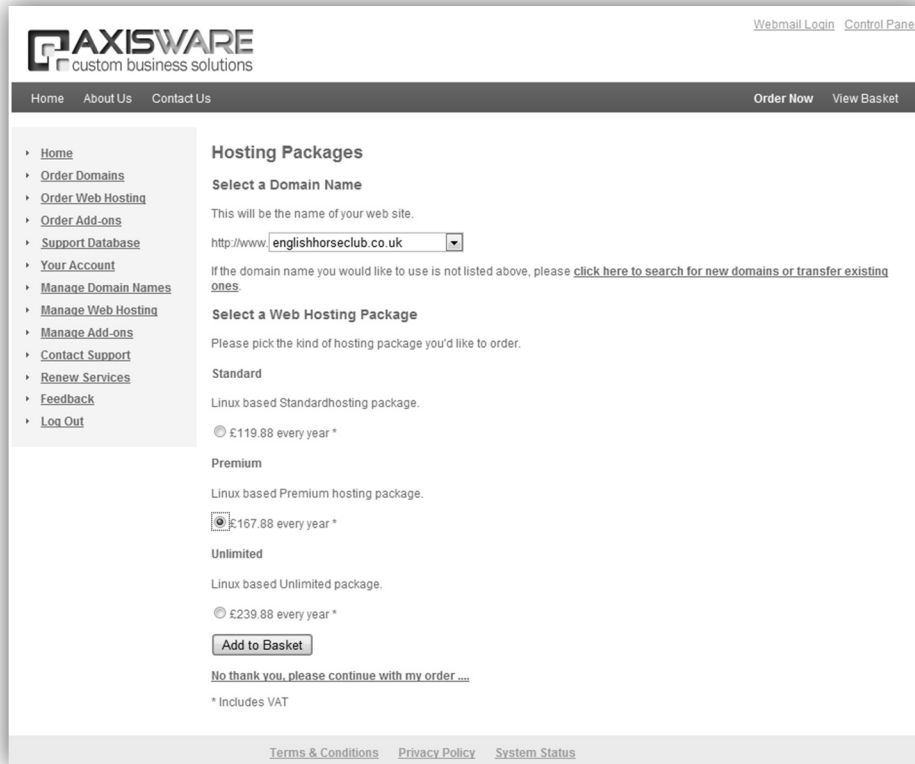

You can choose to use a domain maintained with another provider but this will mean you will not have full access to all of Axisware's hosting facilities.

*Click Continue.*

The screenshot shows the Axisware website interface. At the top left is the Axisware logo and navigation links: Home, About Us, Contact Us. At the top right are links for Webmail Login and Control Panel. Below the navigation is a dark grey bar with Order Now and View Basket. A left sidebar contains a list of menu items: Home, Order Domains, Order Web Hosting, Order Add-ons, Support Database, Your Account, Manage Domain Names, Manage Web Hosting, Manage Add-ons, Contact Support, Renew Services, Feedback, and Log Out. The main content area is titled 'Domain Availability Checker' and 'Domains Available to Register'. It instructs users to 'Select the domains below that you would like to register.' Below this is a table with one row: 'englishhorseclub.co.uk' with a 2-year registration period, a price of £9.60, and an 'Add to Basket' checkbox that is checked. A button labeled 'Add Domains to Basket' is positioned below the table. Underneath is a search section titled 'Search for Other Domain Names' with an input field, a dropdown menu set to '( all )', and a 'Search' button. A note at the bottom states '\* Includes VAT'.
